

23 September 2024

Councillor Mark Valladares Chair Creeting St Peter Parish Council

Dear Councillor Valladares

RIVER GIPPING TRUST – FOOTPATH IMPROVEMENT

We are seeking your support to enable the River Gipping Trust to continue further riverside footpath improvement work in Creeting St Peter and to ask if the Parish Council would consider making a donation to the River Gipping Trust which would enable us to regularly maintain and improve the footpath alongside the River Gipping.

Suffolk County Council Rights of Way cut the grass along the riverside path three times per year, but this is not sufficient to keep the path open for general public walking during the summer months. Our experience of the path between St Mary's Road and Badley is that it needs to be cut at least every four weeks and ideally every three weeks during the growing season.

Last year (2023) Trust volunteers attempted to keep this path open but found the overgrowth too much and by July had to abandon our efforts after a six-week cutting gap. This year, with more volunteers and more equipment, despite the wet weather and abnormal vegetation growth, we have kept to a four-week cut (weather dependent) and have, in our opinion, succeeded in keeping the path open to walkers all the way to Badley. It has been our aim to maintain it so that walkers are able to enjoy the path without being stung by nettles or attacked by brambles. We are getting great feedback from local residents in your Parish, with nearly 1,900 likes and 250 positive comments posted specifically on the work done between St Mary's Road and Badley (4,500+ and 500+ Bramford to Badley - see attached FaceBook comments and likes received).

We are working on a plan to create a decent riverside footpath from Ipswich to Stowmarket within the next five years. We have used existing funds this year, now we are looking for funding for next year so we can continue this work and expand our work further towards Stowmarket with our aim to keep the path well maintained up to the Gateway 14 / Muntons access path, which we have already started on now the replacement footbridge has been installed.

To do more footpath work improvements will require more equipment and additional funds to maintain, insure and fuel them and our current equipment. Our insurance cost alone (including £10m public liability insurance) is over £1,000 a year and our lawn mower fuel cost is around £50 per month and rising.

There clearly is still much more path improvement work to do along St Mary's Road to Badley footpath. We are working on plans to further enhance the walkers' experience and to restrict the growth of the non-native Himalayan Balsam which is now widespread in places in your Parish and Creeting St Mary. It is out-competing native plants and when it dies back in winter results in erosion of the riverbanks.

The Trust relies solely on its volunteers and as such we cannot make a 'contractual' commitment to improve the path or to keep the path open, and therefore ask your consideration for a donation for the work we have completed, which will be used to further our work in your Parish during 2025.

Attached are photographs showing the work we have done this year to demonstrate the improvements made and what can be achieved with regular maintenance carried out by the River Gipping Trust.

The scope of the Trust's work to maintain the River Gipping footpaths is dependent on financial donations and your support would greatly assist our further footpath improvement work at Creeting St Peter and help us achieve our objective of maintaining a decent usable path between Ipswich and Stowmarket for the benefit of the local community.

If you would like any further information please do not hesitate to contact us.

Thank you for your consideration.

Yours sincerely

In Marat

Signed on behalf of: Dr John Warren <u>Chair</u> <u>chairman@rivergippingtrust.org.uk</u>

Ian Petchey <u>Restoration Manager</u> Restoration@rivergippingtrust.org.uk

	-		Great work, thank you for all your efforts	22/24	1	1
		Wendy Cracknell	Can you do roots and shoots to stowmarket next.	100	1	1. Nº 3
		Clair Hayes	Yes, thank you A tremendous effort to keep to his path clear, especially with the weather we have had recently. I was out my first ever trail run with the Striders yesterday along the banks of Gipping over the boardwalks and wooden bridges and up to Badley and it all looked very beautiful. I know the Himalayan Balsam is invasive and needs controlling, but it did look beautiful reflected in the water in evening light, just like a Monet painting.	B	adiey to Haw	Nes Mil
		David Lodge	Looks lovely apart from the Himalayan Balsam 🧓		-10	ht.T
		Hugo Craggs	It looks like the Himalayan balsam has really taken hold, and great job on the paths	1 A		÷ .
		Mary Narey	Thank you River Gipping Trust! I ran the path from Needham Market to Badley yesterday evening and it was absolutely beautiful! I'd given up using the path as it is usually totally over grown but the path you have cut was just fantastic. Thank you so much!			
		Breda Mitchel	Well done all of you amazing job			
		Janet Vaughan	Thank you			
		Peter Burrows	Fabulous much appreciated			
		Keith Borret	Fantastic work guys! thank You			1
		Oli Draper	my wife and I regularly walk our dog along the different sections between Stowmarket and Great Blakenham. The way you keep the paths clear is brilliant - huge thanks to everyone involved, the only good thing about the access from Gypsy Lane being almost nonexistent is we have explored a lot more of the route - hopefully the council gets on with their alternative access route from gypsy lane.
